

Call for Nominations

Editor-In-Chief ACM Transactions on Sensor Networks

The term of the current Editor-in-Chief (EiC) of the ACM Transactions on Sensor Networks (TOSN) is coming to an end, and the ACM Publications Board has setup a nominating committee to assist the Board in selecting the next EiC.

Nominations, including self-nominations, are invited for a three-year term as TOSN EiC, beginning on September 1st, 2017. The EiC appointment may be renewed at most one time. This is an entirely voluntary position, but ACM will provide appropriate administrative support.

The EiC is responsible for maintaining the highest editorial quality, for setting technical direction of the papers published in TOSN, and for maintaining a reasonable pipeline of articles for publication. He/she has final say on acceptance of papers, size of the Editorial Board, and appointment of Associate Editors. The EiC is expected to adhere to the commitments expressed in the policy on [Rights and Responsibilities in ACM Publishing](#).

For more information about the role of the EiC, see [ACM's Evaluation Criteria for Editors-in-Chief](#).

Nominations should include a vita along with a brief statement of why the nominee should be considered. Self-nominations are encouraged, and should include a statement of the candidate's vision for the future development of TOSN. The deadline for submitting nominations is **August 11th, 2017**, although nominations will continue to be accepted until the position is filled.

Please send all nominations to the nominating committee chair, Jie Liu (jie.liu@microsoft.com).

The search committee members are:

- Akos Ledeczki (Vanderbilt University, USA)
- Jie Liu (Microsoft, USA), Chair
- Lionel M. Ni (University of Macau, China)
- Raj Rajkumar (Carnegie Mellon University, USA)
- Lothar Thiele (ETH Zurich, Switzerland)
- Holly Rushmeier (Yale University, USA), ACM Publications Board Liaison
